

## Easy Install Water Cooled 450 Kw Cummins Diesel Generator Silent Diesel Generator

Our Product Introduction

for more products please visit us on [diesels-generators.com](http://diesels-generators.com)

### Basic Information

- Place of Origin: China
- Brand Name: Minlong
- Certification: ISO9001
- Minimum Order Quantity: 1
- Price: Negotiation
- Packaging Details: Wood case
- Delivery Time: 10-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per week

### Product Specification

- Frequency: 50/60 Hz
- Fuel: Diesel
- Speed: 1500/1800 RPM
- Brand: Cummins
- Control System: Automatic Control
- Noise Level: Low
- Operation Mode: Automatic/Manual
- Warranty: 1 Year
- Highlight: **Water Cooled Cummins Diesel Generator, Easy Install Cummins Diesel Generator, Automatic Cummins 450 Kw Diesel Generator**

## Product Description

### Product Description:

Cummins Diesel Genset is an automatic control diesel generator set with electric start. It is designed to run at a frequency of 50/60 Hz and has the option of automatic or manual operation mode. It is powered by Cummins diesel engine that is renowned for its quality, reliability and fuel efficiency. With its robust construction and advanced design, Cummins Diesel Genset is the perfect choice for a wide range of applications. It is also equipped with modern features such as automatic voltage regulator, automatic engine protection system and sound attenuated enclosure. The Cummins Diesel Genset is designed to provide maximum power output while being energy efficient and cost-effective. It can be customized to meet your specific power needs and is an ideal choice for a reliable, efficient and cost-effective power supply.

### Features:

Product Name: Cummins Diesel Generator Set  
Frequency: 50/60 Hz  
Warranty: 1 Year  
Installation: Easy  
Starting System: Electric Start  
Speed: 1500/1800 RPM  
Cummins Diesel Genset

### Technical Parameters:

Attribute	Value
Cooling System	Water Cooled
Operation Mode	Automatic/Manual
Brand	Cummins
Type	Diesel Generator
Starting System	Electric Start
Speed	1500/1800 RPM
Noise Level	Low
Warranty	1 Year
Installation	Easy
Frequency	50/60 Hz

### Applications:

Cummins Diesel Generator Set from **Minlong** is a reliable power source for any application. With **ISO9001** certification, it is built to meet the highest standards. Available in **Wood Case** packaging, the delivery time is **10-15 days**. Payment terms are **L/C, D/A, D/P, T/T, Western Union, MoneyGram**. The supply ability is **1000 pieces per week**. The brand is **Cummins**, with **1500/1800 RPM** speed. It is equipped with **Automatic Control** system and **Water Cooled** cooling system. Installation is **Easy**. Cummins Diesel Genset Generator Set is a great choice for any application.

### Customization:

Cummins Diesel Generator Set  
**Brand Name:** Minlong  
**Place of Origin:** China  
**Certification:** ISO9001  
**Minimum Order Quantity:** 1  
**Price:** Negotiation

**Packaging Details:** Wood case

**Delivery Time:** 10-15 days

**Payment Terms:** L/C, D/A, D/P, T/T, Western Union, MoneyGram

**Supply Ability:** 1000 pieces per week

**Starting System:** Electric Start

**Fuel:** Diesel

**Noise Level:** Low

**Speed:** 1500/1800 RPM

Cummins Diesel Generator Set, Cummins Diesel Genset with Electric Start, a perfect choice for all your diesel power needs.

## Support and Services:

Cummins Diesel Generator provides world-class technical support and service to ensure that customers get the most out of their purchase. Our technical support team is available 24/7 to answer any questions or concerns you may have about your product. We also offer a variety of other services, including installation, maintenance, repairs, and upgrades. All of our services are performed by certified Cummins technicians who have the knowledge and experience to get your generator up and running quickly and efficiently.

## Packing and Shipping:

Cummins Diesel Generator Packaging and Shipping:

The Cummins Diesel Generator will be shipped and packaged in a secure manner, ensuring that the generator is safely delivered to its destination. It will be packaged in a sturdy cardboard box with foam inserts to protect the generator from shocks during transit. The box will also be marked with the Cummins logo, as well as the weight and dimensions of the generator. The box will then be placed onto a pallet and shrink-wrapped for added protection. The pallet will be secured to the truck and delivered to the customer's location.
