

High Output Marine Perkins Diesel Generator 195L/H Deep Sea Controller

Our Product Introduction

for more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Brand Name: Minlong

Product Specification

- Controller: Deep Sea
- Warranty: 1 Year
- Frequency: 50Hz
- Type: Diesel Generator
- Net Weight: 4500kg
- Speed: 1500rpm
- Power: 1000kVA
- Fuel Consumption: 195L/h
- Highlight: **Deep Sea Perkins Diesel Generator,
1000kVA Perkins Diesel Generator,
High Output perkins marine generator**

Product Description

Product Description:

Perkins Diesel Generator is a heavy-duty diesel generator set that is designed for durability. It has a frequency of 50 Hz and is powered by diesel fuel. It has an electric starting system with a fuel consumption rate of 195L/h. This generator is highly reliable and offers a one-year warranty. It is a durable diesel generator set that is designed to perform with maximum efficiency and reliability. It is easy to install and maintain and is ideal for any application requiring long-term reliable power.

Features:

Product Name: Perkins Diesel Generator

Net Weight: 4500kg

Power: 1000kVA

Starting System: Electric

Frequency: 50Hz

Brand: Perkins

High Output Diesel Generator

High Efficiency Diesel Generator

Technical Parameters:

Attribute	Description
Heavy Duty Diesel Generator	Perkins Diesel Generator
Durable Diesel Generator Set	1000kVA
Voltage	400V
Frequency	50Hz
Cooling System	Water Cooled
Controller	Deep Sea
Warranty	1 Year
Speed	1500rpm
Brand	Perkins
Dimension	3000*1700*1900mm
Type	Diesel Generator
Power	1000kVA

Applications:

Minlong Advanced Diesel Electric Generator is a heavy duty diesel generator set with a 1 year warranty and a water cooled cooling system. This diesel generator is designed to be both durable and long lasting. It has a compact design that makes it easy to install and use. The dimension of this generator is 3000*1700*1900mm and the voltage is 400V. It also has a frequency of 50Hz, making it suitable for a variety of applications. The Minlong Advanced Diesel Electric Generator is reliable and efficient, making it the perfect choice for a wide range of applications.

Customization:

Perkins Diesel Generator Powered By Minlong

This generator set is powered by Minlong and made in China. It has a durable diesel engine system and is equipped with advanced diesel electric generator. The power output is up to 1000kVA and the fuel consumption is 195L/h. It can be water cooled and has a net

weight of 4500kg.

Support and Services:

Perkins Diesel Generator Technical Support and Service

At Perkins, we provide comprehensive technical support and service for our diesel generators. Our technical support team is available 24/7 and our service team is highly-trained and experienced in all aspects of servicing and maintaining Perkins diesel generators. Our technical support and service includes:

Answering inquiries about products and services

Providing on-site support and troubleshooting

Repairing and replacing parts

Conducting regular maintenance checks and providing maintenance advice

Offering training and guidance on safe operation and use of the diesel generator

Providing advice and guidance on prolonged storage of the diesel generator

If you have any questions or require assistance with your Perkins diesel generator, please contact us.

Packing and Shipping:

Packaging and Shipping for Perkins Diesel Generator

Perkins Diesel Generator is packaged in a wooden crate with foam padding surrounding the generator for maximum protection. All crates are securely strapped and sealed, and a plastic wrap is applied to ensure the generator stays dry in transit.

We offer worldwide shipping for Perkins Diesel Generator. Delivery times vary depending on the destination, and each generator is trackable for added peace of mind.

FAQ:

Q: What is Minlong Perkins Diesel Generator? **A:** Minlong Perkins Diesel Generator is a high-efficiency power generation device with Perkins diesel engine as the power source, which is produced in China.

Q: What are the advantages of Minlong Perkins Diesel Generator? **A:** Minlong Perkins Diesel Generator has low fuel consumption, low noise, reliable performance, compact structure, convenient installation and maintenance.

Q: What is the power range of Minlong Perkins Diesel Generator? **A:** Minlong Perkins Diesel Generator has a power range from 10 KW to 2000 KW.

Q: How to maintain Minlong Perkins Diesel Generator? **A:** It is recommended to do a comprehensive inspection and maintenance on Minlong Perkins Diesel Generator every 3 to 6 months.

Q: Does Minlong Perkins Diesel Generator come with a warranty? **A:** Yes, Minlong Perkins Diesel Generator has a warranty period of up to 12 months.
