

Diesel Industrial Generator Set High Temperature Low Oil Pressure Protection System

Our Product Introduction

For more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Brand Name: Sdec
- Certification: ISO9001
- Minimum Order Quantity: 1
- Price: Negotiation
- Packaging Details: Wood case
- Delivery Time: 10-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per week

Product Specification

- Power: 10-1000KW
- Control System: Automatic/Manual
- Fuel: Diesel
- Cooling System: Air/Water
- Brand: SDEC
- Warranty: 1 Year
- Protection System: Overload/High Temperature/Low Oil Pressure
- Starting System: Electric/Manual
- Highlight: **Diesel Industrial Generator Set,
Water Cooling Industrial Generator Set**

Product Description

Product Description:

The SDEC Diesel Generating Unit is an advanced power generator, designed to provide a reliable and efficient source of electricity in various applications. With a power range of 10-1000KW, the generator is powered by diesel fuel, providing optimal performance. The system is equipped with a cooling system that can be set to either air or water, making it suitable for a wide range of applications. Additionally, the generator is engineered to have a high degree of protection, including an overload protection, high temperature protection, and low oil pressure protection. The generator is capable of providing a voltage of 220V/ 380V/ 400V/ 415V/ 440V/ 480V, giving users maximum flexibility in terms of their electricity supply. With its superior performance and reliability, the SDEC Diesel Power Generator is a perfect choice for any home or commercial application.

Features:

Product Name: **SDEC Diesel Generator**
Engine Brand: **SDEC Diesel Engine Generator**
Frequency: **50/60Hz**
Fuel: **Diesel**
Power: **10-1000KW**
Noise: **Low**
Cooling System: **Air/Water**

Technical Parameters:

Attributes	Details
Brand	SDEC
Type	Diesel Generator
Power	10-1000KW
Voltage	220V/ 380V/ 400V/ 415V/ 440V/ 480V
Frequency	50/60Hz
Speed	1500/1800rpm
Noise	Low
Fuel	Diesel
Cooling System	Air/Water
Protection System	Overload/High Temperature/Low Oil Pressure
Warranty	1 Year

Applications:

SDEC diesel generating equipment is a reliable and cost-effective power solution for various applications. It is powered by SDEC diesel engine and comes with a range of power ratings, from 1kW to 2000kW, to meet the demands of different customers. It is equipped with advanced technical features, including an electric/manual starting system, high temperature, low oil pressure, and overload protection systems. The generator set is certified with ISO9001 and manufactured according to strict quality standards to ensure consistent performance and durability. The generator also comes with a low noise level and can be used in a wide range of voltage levels, from 220V to 480V. It is also available with a minimum order quantity of 1, and the price is negotiable. The generator set is packaged in a wood case and can be delivered within 10-15 days. It can accept various payment terms, such as L/C, D/A, D/P, T/T, Western Union, and MoneyGram. Additionally, the generator set has a high supply ability of 1000 pieces per week.

Customization:

SDEC Diesel Generator

SDEC Diesel Generator is a reliable and efficient power generator manufactured by SDEC, a leading brand in China. It comes with a one-year warranty and a power range of 10-1000KW. It is certified with ISO 9001, and its minimum order quantity is 1. The packaging

details are wood case and the delivery time is 10-15 days.

Our SDEC Diesel Generator is designed and manufactured with the latest technology and the highest quality standards. It features an automatic or manual control system and comes with a competitive price. We offer flexible payment terms, including L/C, D/A, D/P, T/T, Western Union, and MoneyGram. We can supply up to 1000 pieces per week.

SDEC Diesel Generator is perfect for your power generator requirements. We are the reliable source for SDEC Diesel Power Generator Supply and SDEC Diesel Generator Manufacturing. Contact us today for more information!

Support and Services:

SDEC Diesel Generator provides a comprehensive technical support and service to ensure that all our customers receive the highest quality service. Our experienced team of engineers can provide a wide range of services, from routine maintenance and repairs to installation and commissioning of new diesel generators. We also offer remote monitoring and diagnostics, and can provide on-site and telephone support, as well as access to our online service portal for assistance with technical queries. Our comprehensive service and support packages are designed to meet the needs of our customers, ensuring that their diesel generator is running optimally and reliably. We are committed to providing the highest level of service and support, and our team is always available to help with any enquiries.

Packing and Shipping:

Packaging and Shipping for SDEC Diesel Generator

SDEC Diesel Generator is shipped in a sealed cardboard box. The box is designed to protect the generator from moisture, dirt, and other elements. Packaging material such as bubble wrap, foam, and Styrofoam may also be used to further protect the generator.

The box is labeled with the product name, model number, and other identifying information. This ensures that the generator is properly tracked and managed throughout the shipping process.

The generator is shipped via ground transport, such as truck or railway. The delivery company will provide tracking information so that the customer can monitor the progress of the shipment.

FAQ:

Q & A

Q: What is the brand name of the product?

A: The brand name of the product is Sdec.

Q: Where is the product origin?

A: The product origin is China.

Q: Is the product certified?

A: Yes, the product is certified with ISO9001.

Q: What is the minimum order quantity?

A: The minimum order quantity is 1.

Q: How will the product be packaged?

A: The product will be packaged in a wood case.
