

120KW R6105IZLD High Frequency Ricardo Diesel Electricity Generator Within Wooden Case Packing

Our Product Introduction

for more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Brand Name: Ricardo
- Certification: ISO9001, ISO14001, CE
- Model Number: R6105IZLD
- Minimum Order Quantity: 1 Set
- Price: 3600USD
- Packaging Details: Please consult customer service.
- Delivery Time: About 30-50 days
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 100 Set/Month

Product Specification

- Frequency: 50Hz
- Canopy: Customized
- Starting System: Electric Start
- Engine: Ricardo R6105IZLD
- Noise Level: $\leq 70\text{dB(A)}$
- Package: Wooden Case Packing
- Output Type: AC Single/Three Phase
- Rated Frequency: 50HZ/60HZ
- Highlight: **Ricardo Diesel Electricity Generator,
High Frequency Ricardo Diesel Electricity
Generator**

Product Description

Product Description:

120KW R6105IZLD High Frequency Ricardo Diesel Electricity Generator Within Wooden Case Packing

Ricardo Diesel Generator

Ricardo Diesel Generator is a reliable and efficient power solution for both emergency and commercial use. With its advanced control system, it provides stable and high-quality power supply in single or three phase output.

Package: Wooden Case Packing

Output Type: AC Single/Three Phase

Excitation Type: Brushless Self-excitation

Frequency: 50Hz

Product: Diesel Generator

Ricardo Diesel Generator is designed to meet the various power needs of different industries and applications. Whether it is for emergency backup power, commercial use, or prime power supply, this generator can deliver stable and reliable performance. One of the key features of Ricardo Diesel Generator is its high efficiency. Equipped with advanced technology, it can convert diesel fuel into electricity with minimum loss, resulting in low fuel consumption. This not only saves costs but also reduces carbon emissions, making it an environmentally friendly choice.

Moreover, the brushless self-excitation excitation type of Ricardo Diesel Generator eliminates the need for frequent maintenance. This not only reduces the downtime of the generator but also saves maintenance costs in the long run.

With its advanced control system, Ricardo Diesel Generator can automatically monitor and regulate the output voltage and frequency, ensuring a stable and continuous power supply. It also has multiple protection functions, such as overload protection, overheat protection, and low oil pressure protection, to ensure the safety and reliability of the generator.

In addition to its outstanding performance, Ricardo Diesel Generator also has a sleek and compact design, making it easy to transport and install. The wooden case packing further enhances its durability and protects it from external damage during transportation.

Overall, Ricardo Diesel Generator is a high-quality and efficient power solution that guarantees stable and reliable power supply in various situations. With its advanced technology and user-friendly design, it is the perfect choice for those who value performance, efficiency, and ease of use.

Features:

Product Name: Ricardo Diesel Generator

Package: Wooden Case Packing

Output Type: AC Single/Three Phase

Starting System: Electric Start

Frequency: 50Hz

Noise Level: $\leq 70\text{dB(A)}$

Key Features:

Ricardo Diesel Standby Generator

Ricardo Diesel Continuous Power Generator

Ricardo Diesel Standby Generator

Ricardo Diesel Industrial Generator

Technical Parameters:

Attribute	Value
Product	Ricardo Diesel Generator
Output Type	AC Single/Three Phase
Canopy	Customized
Package	Wooden Case Packing
Rated Frequency	50HZ/60HZ
Starting System	Electric Start
Excitation Type	Brushless Self-excitation
Frequency	50Hz
Noise Level	$\leq 70\text{dB(A)}$
Engine	Ricardo N4105DS
Key Words	Ricardo Diesel Continuous Power Generator, Ricardo Diesel Residential Generator

Applications:

Ricardo Diesel Generator

Ricardo Diesel Generator

Ricardo Diesel Generator is a high-quality and reliable generator produced by Ricardo, a leading brand in China. With certifications

including ISO9001, ISO14001, and CE, this generator is suitable for various applications.
Product Overview

Brand Name	Ricardo
Place of Origin	China
Certification	ISO9001, ISO14001, CE
Minimum Order Quantity	1 Set
Packaging Details	Please consult customer service.
Delivery Time	About 30-50 days
Payment Terms	L/C, T/T, Western Union, MoneyGram
Supply Ability	100 Set/Month
Output Type	AC Single/Three Phase
Canopy	Customized
Noise Level	≤ 70dB(A)
Excitation Type	Brushless Self-excitation
Frequency	50Hz

Applications and Scenarios

Ricardo Diesel Generator can be used in various scenarios, including but not limited to:

Ricardo Diesel Prime Power Generator: This generator is ideal for providing continuous power supply in remote locations or areas with unstable grid power. It is commonly used in construction sites, mining sites, and rural areas.

Ricardo Diesel Industrial Generator: With its strong and reliable performance, this generator is suitable for powering heavy machinery and equipment in industrial settings such as factories, warehouses, and manufacturing plants.

Ricardo Diesel Commercial Generator: This generator is perfect for commercial buildings, offices, and retail stores where a consistent and uninterrupted power supply is essential for daily operations.

Ricardo Diesel Generator is highly versatile and can also be used in emergency situations, as a backup power source for hospitals, data centers, and other critical facilities.

Customization:

Ricardo Diesel Generator Customized Services

Brand Name: Ricardo
Place of Origin: China
Certification: ISO9001, ISO14001, CE
Minimum Order Quantity: 1 Set
Packaging Details: Please consult customer service.
Delivery Time: About 30-50 days
Payment Terms: L/C, T/T, Western Union, MoneyGram
Supply Ability: 100 Set/Month
Rated Frequency: 50HZ/60HZ
Engine: Ricardo N4105DS
Canopy: Customized
Noise Level: ≤ 70dB(A)
Package: Wooden Case Packing

Key Features:

- Prime power generator using Ricardo diesel engine
- Provides reliable and efficient electricity generation
- Customized canopy design to suit specific needs
- Low noise level for quiet operation
- ISO9001, ISO14001, and CE certified for quality assurance
- Flexible payment terms and quick delivery time
- Can be ordered in minimum quantity of 1 set
- Supply ability of 100 sets per month
- Available in 50HZ/60HZ frequency
- Package is securely packed in wooden case for safe transportation

Product Description:

The Ricardo Diesel Generator is a prime power generator that uses a Ricardo N4105DS diesel engine to provide reliable and efficient electricity generation. It has a customized canopy design to suit specific needs and has a low noise level of ≤ 70dB(A) for quiet operation. It is certified with ISO9001, ISO14001, and CE for quality assurance. Customers can choose from various payment terms and expect a delivery time of about 30-50 days. The minimum order quantity for this product is 1 set and the supply ability is 100 sets per month. It is available in both 50HZ and 60HZ frequency and is securely packed in a wooden case for safe transportation. Get your Ricardo Diesel Prime Power Generator now and experience reliable and efficient electricity generation!

Packing and Shipping:

Product Name: Ricardo Diesel Generator

Packaging and Shipping

The Ricardo Diesel Generator will be carefully packaged to ensure safe delivery to our customers. We understand the importance of proper packaging to protect the product during transportation. The generator will be securely packed in a strong and sturdy wooden crate, with foam padding and shock-absorbing materials to prevent any damage during shipment. The crate will also be sealed with quality packaging tape to ensure the contents remain intact. We will also include clear labeling on the outside of the crate, indicating the product name, model number, and any necessary handling

instructions for the shipping company.

For international shipments, we will take all necessary measures to comply with any customs regulations and ensure smooth delivery to our customers.

Shipping Options

We offer various shipping options to accommodate our customers' needs. Our standard shipping option is through reliable and reputable carriers, with tracking information provided for customers to track their shipment.

For urgent orders, we also offer expedited shipping options at an additional cost. Please contact us for more information and availability.

Delivery Time

The delivery time for the Ricardo Diesel Generator will vary depending on the shipping option chosen and the destination. We will do our best to provide accurate delivery estimates and keep our customers informed of any delays.

Once the product has been shipped, we will provide our customers with a tracking number and estimated delivery date.

Thank you for choosing our Ricardo Diesel Generator. We are committed to providing you with a quality product and a smooth shipping experience. Please feel free to contact us with any questions or concerns.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Ricardo.

Q: Where is this product manufactured?

A: This product is manufactured in China.

Q: What certifications does this product have?

A: This product is certified with ISO9001, ISO14001, and CE.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1 set.

Q: How is this product packaged?

A: Please consult customer service for packaging details.

Q: How long is the delivery time for this product?

A: The delivery time for this product is about 30-50 days.

Q: What payment methods are accepted for this product?

A: This product can be paid for with L/C, T/T, Western Union, or MoneyGram.

Q: What is the supply ability for this product?

A: The supply ability for this product is 100 sets per month.
